

Think about the father in this story.
Write what his thoughts might have been:

- when his son asked for his share of the money

- while the son was away from home

- when his son returned home.

Jesus told this story to remind us that God is our loving Father. God will always welcome us back to him. When we forget his love or turn away from it, God is always ready to welcome us back as his children.

WE RESPOND

How can knowing that God is our loving Father help you when you have choices to make?

Pray together:

God, you are our loving Father.
Help us to remember that you will always welcome us back. Amen.
